Theme of the Month: Kindness & Anti-Bullying

Dear Parents,

As we end this month filled with learning, growth, and reflection, we are reminded of the values that truly shape our GISC community. This month, our focus has been on Kindness and Anti-Bullying, a theme that reflects our belief that education goes beyond academics to nurture character, empathy, and respect for others.

At GISC, kindness is at the heart of who we are. As an IB World School, we strive to cultivate learners who are caring, open-minded, and principled, qualities that empower them to create positive and respectful relationships within their community. This theme aligns deeply with the IB Learner Profile and our commitment to holistic education.

IT'S COOL
TO BE KIND

We acknowledge that bullying can happen in any environment; our role as a school is to educate, raise awareness, and guide students to make thoughtful choices that reflect empathy and respect. Through interactive awareness sessions, classroom reflections, and student-led initiatives, we encourage our learners to understand the impact of their words and actions. Our dedicated SEN and Counseling departments are always available to support students and families, ensuring that every child feels safe, valued, and heard.

"Kindness is the language which the deaf can hear and the blind can see."

Mark Twain

Highlights of the Month

- EEP Cup
- CAT4 exam
- DP1 first CAS trip
- School Photos
- End of ASA cycle 1 on the 19th of November.
- Thanksgiving Holiday on the 26th and the 27th of November

Refer to the following announcements:

- Parents Communication guide.
- Importance of Spare activation, as it will be used for trips payments.

Early Years in Action fun

Our Early Years learners enjoyed a month full of meaningful, joyful experiences. From their exciting visit to KidZania, where they explored real-life roles through hands-on activities, to our inspiring Book Author Day, which sparked imagination and a love for storytelling, the children were fully engaged in learning beyond the classroom. It has been a vibrant month of growth, curiosity, and unforgettable moments for our young explorers.

Our PYP Inquirers

Our PYP students continue to learn through real-world exploration as part of our inquiry-based approach. This month, they enjoyed an engaging educational trip to Kids Gym, where they developed physical skills, teamwork, and confidence through structured activities. In addition, students completed their CAT4 assessments, which help us better understand their individual learning profiles and support their academic progress. These experiences, both inside and outside the classroom, enrich our curriculum and empower students to inquire, connect, and grow as balanced, active learners.

MYP students: Caring & Balanced

Our MYP students truly embodied the IB Learner Profile this month, especially Caring and Balanced. They participated in an important awareness session delivered by Safe Foundation, where they learned about empathy, personal boundaries, and supporting others with kindness and respect. In addition, our students showcased outstanding teamwork and sportsmanship during the EEP Cup, demonstrating not only athletic ability but also integrity, cooperation, and fair play. These experiences reflect our commitment to developing well-rounded learners who thrive academically, socially, and emotionally.

DP Fayoum Trip: CAS with Purpose

Our DP students continue to shine through their CAS (Creativity, Activity, Service) engagements—an essential component of the IB Diploma Programme that shapes balanced, responsible, and reflective young adults. As part of their CAS journey, students participated in an enriching trip to Fayoum, where they engaged in meaningful service activities, team challenges, and collaborative tasks that strengthened their leadership and community awareness. Their commitment to meaningful action, personal growth, and community impact reflects the true spirit of the IB learner profile and prepares them to become compassionate global citizens.
